Mission and Vision:
The Days Creek Charter School mission is to provide an outstanding 21st Century education in a small, rural school environment that fosters life-long learners, responsible citizens, and fulfilled potential. We envision a school characterized by:

- Rigorous academics
- An enriched program of electives
- Practical application of skills through on and off-site learning activities
- Preparation for post-secondary education and/or career development including skills of initiative and independence
- Mentorship of a caring and supportive faculty
- Curriculum options with a focus on natural resources
- Service to the community

“The research is clear: nothing motivates a child more than when learning is valued by schools and families/community working together in partnership. These forms of involvement do not happen by accident or even by invitation. They happen by explicit strategic intervention.”
Michael Fullan, Educational change leader
