Goals and Expectations

Vision

To challenge every student to pursue excellence every day

Mission

Inspire and develop
LEARNERS, THINKERS
and **LEADERS**

Create a welcoming culture of respect, responsibility, and care

The district administration will regularly communicate and provide timely feedback using a variety of methods (surveys, newsletters, mailouts, readerboard, personal interactions) with school board and community members to increase engagement and participation in district activities and functions.

Develop students who understand the purpose and relevance of subject matter

Set high standards for all students and celebrate success both privately and publicly.

Create curriculum plans for each subject area that integrates technology and instructional best practices.

Be active in measuring student growth and adjusting instructional practices.

Support, equip and train teachers in ways that promote engagement and lifelong learning.

Complete ongoing teacher evaluations or performance reviews that promote growth and accountability.
