Annual AHERA Notification to Parents, Teachers, and Staff

Dear Parents, Teachers, and Staff:

Days Creek Charter School (DCCS) is providing this letter in accordance with the 40 CFR Part 763 (enacted by congress in 1986) of the Asbestos Hazard Emergency response Act, more commonly referred to as AHERA. This rule requires all Local Education Agencies to identify asbestos containing materials (ACMs) in their school buildings and take appropriate actions to prevent and control the release of asbestos fibers. A complete AHERA asbestos survey of all school buildings was performed this year, and an updated Asbestos Management Plan was completed, and is available for review in the DCCS administrative office during regular operating hours. The Asbestos Management Plan establishes specific surveillance, re-inspection schedules, and maintenance protocols for the identified ACMs.

For additional information about AHERA, or any specific questions regarding DCCS's Asbestos Management Plan, you may contact DCCS Asbestos Program Manager.

Steve Woods, Superintendent
